WEEK 01 / YOUR MISSION

The Color Safari

Notice something you normally walk past.

35 minutes | Group spending cap: $0 per person

Bring: A phone camera, or paper and any pen. No printing needed.

05 MIN **Pick a color**

Each person chooses a color. Agree on a room, home, or short familiar route. You can all work in the same place.

15 MIN **Find six moments**

Capture your color as: something tiny, something textured, a repeating pattern, an unexpected pairing, a close-up, and your favorite find.

05 MIN **Choose your collection**

Choose one image for each prompt. Put them in prompt order in your phone album, or arrange six sketches on a page.

10 MIN **Open your mini gallery**

Show your favorite find. Tell the group what you almost missed. Pick a playful collection title together.

MAKE IT YOURS

Stay seated and explore objects within reach, or sketch from memory. Color names can be replaced with shapes, textures, or light/dark contrasts.

Give your collection a title: _____

Optional photo prompt: six everyday things, one unexpectedly good color story.
